I can operate: Drum Kit/Percussion

## About me

Charles is a freelance composer and musician who has worked professionally since 2014 as a composer for film, video games, and other visual media - working internationally with various companies, directors, and producers (examples include: ApkGames.Guru, XGASOFT, Bournemouth University).

Charles has worked with Lego stop-motion animator: Michael Hickox Films between 2014 - 2016. Together they worked on 31 different videos, for each of which Charles composed original scores. Their catalogue includes standalone short films, web series, and promotional videos for companies such as CBC Network, iTech Solutions and Loot Crate. These videos are hosted on YouTube and have been viewed a combined total of over 95 million times (to date: Sept. 2018).

Charles is also a multi-instrumentalist, adept on violin/viola, drums/percussion, piano, accordion, and even owns a guzheng - which is fun to use in compositions and for effects! Charles has played in folk bands [The Bog Dogs, Nordic Rumour, Tweed in Bourbon], Orchestras/String Orchestra [Wessex Strings, Bournemouth University Orchestra and String Orchestra] and has recently started to learn guitar and recorder for use in his music work.

Charles has recently finished studying at Bournemouth University, receiving a First Class Honours degree in B(Sc) Music and Sound Production Technology, and is always on the lookout for new projects to work on.
